Experience

Eimple Labs <i>Node.js Developer Intern</i>	Remote <i>June 2024 – 2025</i>
○ Designed and developed RESTful APIs using Node.js and Express.js. ○ Implemented JWT-based authentication and role-based authorization. ○ Managed and optimized MySQL databases for efficient data handling. ○ Integrated backend services with frontend applications using REST APIs.	
Eimple Labs <i>React Developer Intern</i>	Remote <i>June 2025 – Present</i>
○ Built full-fledged, responsive website UIs using ReactJS and Material UI (MUI). ○ Implemented global state management using Redux for scalable applications. ○ Developed reusable UI components and optimized application performance. ○ Ensured seamless API integration, form validation, and secure user flows.	

Projects

Research on Foundation of Common Sense Knowledge:

- Studied principles of common sense reasoning in Artificial Intelligence.
- Analyzed knowledge representation techniques for real-world understanding.
- Explored inference mechanisms to improve machine decision-making.

Extra-Curricular Activities

- Active member of the Coding Club at YBN University, Ranchi.
- Organizing member of Design Hackathon 2024 at YBN University, Ranchi.
